

ABOUT THE SEEKER

Enel is a multinational **energy company** and one of the world's leading integrated electricity and gas operators. Enel works in **35 countries across 5 continents**, generating energy with a net installed capacity of almost **85 GW**, selling gas and distributing electricity across a network spanning approximately 2.2 million km.

With almost 71 million end users around the world, Enel has the biggest customer base among its European competitors, and it is one of Europe's leading energy companies by installed capacity and reported EBITDA. The Enel Group is made up of approximately **69,000 people from around the world** whose brilliant work is based on our values of **Responsibility, Innovation, Trust** and **Proactivity**.

Enel is dedicated to creating innovative solutions that meet society's changing needs. Through its openinnovability.com crowdsourcing platform, the company connects people and ideas from across the world, encouraging anyone to propose sustainable innovation projects and solutions that help develop local communities.

Enel is also committed to helping to achieve six of the 17 UN Sustainable Development Goals (SDGs):

7 - Access to affordable and clean energy

4 - Support for quality education

8 - Contributing to socio-economic development in the communities in which Enel operates

9 - Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

11- Make cities and human settlements inclusive, safe, resilient and sustainable

13 - The fight against climate change
